Monthly AI Retainer

Want an AI engineering team on call every month?

A fixed monthly partnership that keeps your AI systems improving, your tools running and new ideas shipping, without the cost of a full-time hire.

WHAT IS INCLUDED

- **Reserved Engineering Hours**
  A guaranteed block of senior AI engineering time each month, planned around your priorities.
- **Roadmap and Prioritisation**
  A monthly planning call that turns business goals into a ranked list of AI work.
- **Build and Improve**
  New features, automations and fixes delivered in short, visible cycles.
- **Monitoring and Support**
  Proactive checks on quality, cost and uptime, with fast response to incidents.
- **Advisory Access**
  Direct access for tool choices, vendor questions and technical decisions.
- **Monthly Report**
  A clear summary of work done, results achieved and what comes next.

WHO THIS IS FOR

- Businesses with live AI systems that need care
- Founders without a CTO or AI lead
- Teams that want steady progress after a first build
- Companies adding AI features month by month
- Leaders who need a trusted technical advisor
